

Opening ceremony: New headquarters for Schiff-Martini & Cie. GmbH

On 14 June 2019 we celebrated the opening of our new premises at the Lindbergh Parkside Office, together with around 200 clients, cooperation partners and employees. Some of the guests especially came from overseas and European countries, for example our cooperation partners from BKR, a global networking platform of auditors and tax consultants. We even had a delegation from South Africa.

To entertain all guests we used the Lindberghs Café in the basement of our building and several large pavilions. Everybody enjoyed the party until after midnight.
